CARBON-Z ILF

The Carbon-Z ILF Bow is comprised of the Carbon-Z riser and ILF Medium 45# Reaper limbs. The Carbon-Z Riser is carved from a premium blend of paduk, hard maple, phenolic, carbon, zebrawood composition that is 3/64" cut past center with a crowned arrow shelf at 15" in length. The Carbon-Z ILF riser provides the same broad range of customization and tune-ability as the Sektor ILF with the added strength and styling of carbon. The ILF Reaper Limb weights are established on a 17" riser at 28" draw.

- Paduk, hard maple, phenolic, carbon, zebrawood construction makes the bow stronger
- Unique carbon styling on the riser
- 1/16" cut past center
- Crowned arrow shelf
- 15" riser
- International limb fittings
- Lateral limb alignment
- Weight/tiller adjustment

58" CARBON-Z ILF COMPLETE BOW

- Perfect bow to get into ILF set up
- Medium Reaper Limbs, 45# weight

REAPER LIMB CHART

Tailor Your Bow to Fit Your Shooting Style*

- Limb weights are established on a 17" riser at 28" draw measuring the string to the deepest part of the grip.
- Reducing riser length by 2" results in 2 lb. limb weight increase.
- Increasing riser length by 2" results in 2 lb. limb weight reduction.

RISER LENGTH VS. DRAW WEIGHT COMBINATIONS

Overall Length	56"	58"	60"	62"	64"
Carbon Z (15" riser)	15" Riser Short Limbs marked wt. +2 lbs.	15" Riser Medium Limbs marked wt. +2 lbs.	15" Riser Long Limbs marked wt. +2 lbs.
